Fort Lauderdale, FL (August 21, 2007) - The Marome Agency, LLC (TMA) recently relocated its South Florida office to Northeast Fort Lauderdale. The new office location will provide more space for the company's projected expansion over the next five years. Currently, the Marome Agency, LLC is expanding its entertainment and consumer brand practice areas to include Social Marketing & Public Relations Services, Media Training, and Crisis & Sponsorship Evaluation Management.

The new office is located at 690 NE 13th Street, Suite 104, which is between downtown Fort Lauderdale, and the trendy Wilton Manor's community. "I am excited about our new location, because it has been in my planning for quite sometime, we are now finally at a point where we have our own identified workspace that reflects our core values and mission" states Anthony Jackson, Senior Managing Partner of TMA.

TMA will share offices with MediumFour, LLC, a graphic design and marketing energy company that will focus on out-of-the-box campaigns for non-traditional businesses. MediumFour offers the following services: Corporate Branding, Collateral Design, and Website Development Services.
